## Courthouse Closes Friday

All offices in the court house will be closed tomorrow, Friday, April 20, in observance of Good Friday, Sheriff Gerald Pitts announced.

The Corps of Engineers Real Estate Project Office in Bay St. Louis has commenced negotiations with landowners in the construction area of the NASA Mississippi Test Facility in Hancock County. Several of the landowners have already signed option papers. Negotiations are progressing each day with other landowners.

O. B. Moore, real estate project manager in the Bay St. Louis office, said that every effort will be made to expedite payments to landowners who have signed agreements with the Government as well as those who sign in the future. He explained, however, that in some cases there will be unavoidable delays because of property title conditions which will require curative work such as the obtaining of quitclaim deeds, affidavits, and other legal documents.

The Government's schedule provides for outright acquisition of title to the construction area by July 31, 1962. Almost 200 individual tracts of land—or ownerships—are involved in the construction area, where more than 2500 tracts are involved, is scheduled for acquisition by the middle of 1964.

The first landowners to reach agreement with the Government and to sign option papers were Mr. Conley Carver and wife, Mrs. Mildred Blackwell Carver, of R. F.D. 1, Box 348, Picayune, Miss. Involved in the transaction were 1.90 acres of land and improvements consisting of a large house of frame construction and several smaller buildings and structures located on Logtown-Flattop Road about three miles east of Santa Rosa. Mr. and Mrs. Carver reside on the property with their five children. He has been a member of a tugboat crew.

Mr. Carver told newspaper reporters and photographers, who were present for the signing of offer papers in the real estate project office, that he and his wife are pleased with the amount of money they will be paid by the Government.

## UNLAWFUL FOR LIVESTOCK TO ROAM U.S. STATE HIGHWAYS

Commissioner of Public Safety T. B. Birdsong reports he has received numerous complaints over the past few weeks of cattle loose on the highways of the state. According to Birdsong, "We have appealed to the public and to livestock owners to keep their cattle fenced. Some few, apparently are unwilling to cooperate. This necessitates our 'bearing down' on these infractions."

"It is unlawful for livestock to roam at large on federal or state designated highways. Any cattle so found may be picked up, impounded, and the owner held responsible for the charges. There is a \$5.00 fee per head for picking up, a \$2.50 fee for impounding them, and a \$1.00 per day charge for feeding them. At the rate of \$7.50 per head plus \$1.00 per day this can very well become expensive to the owner of stock picked up on the highway."

"The above fact are incidental compared to the danger to drivers on our state roads. The Patrol will no longer tolerate this flagrant threat to life and property. It is imperative that the Mississippi Safety Patrol take immediate drastic action to prevent the loss of any more lives due to this cause. There is no way to justify cattle on our roads when a fatal accident results."

"The owner of the cattle is not only responsible for keeping his cattle off the highways but he is also liable for any damage caused by the stock."

"We earnestly solicit the cooperation of the livestock owners throughout the state but if it is not forthcoming, we must solve this problem with the means at hand and the authority we have by law."

## Library Development

No other state has made such impressive advances in library development as has Mississippi over the past five years. Significantly, Mississippi has also made great strides in education, community development and industrial growth during the same period. The need of self-improvement is doubly important in Mississippi today. Continuing education through local libraries, is a prime asset. Libraries offer business knowledge, skills and techniques to be learned through reading. Libraries play an important role in providing educational opportunities for adults as well as the students.

## State Employment

Non-agricultural employment rose to record high for the month of February in Mississippi. 410,800 were employed this February as compared with 395,200 last February. The February total was an increase of 4,000 above the January, 1962 total. Mississippi was one of the six states in the Southeast which recorded highs for the month. Manufacturing employment also was up from 113,600 in February of last year to 122,400 in February, 1962. In January, 1962 120,400 were employed.

## Educator Air Lift Set For July 26-28 Air Force Academy

Local and state educators will get an opportunity this summer to see first-hand the beautiful new United States Air Force Academy in Colorado.

The Educator Air-Lift is tentatively set for July 26-28, according to Lt. Col. Howard R. Pigford, Academy liaison officer and Project Officer for the trip. If the trip is not held on July 26-28, it will be scheduled for the dates immediately thereafter.

The purpose of the Air-Lift is to acquaint educators with the Academy, its physical layout and educational programs.

An added feature of the trip will be a special guided tour through the North American Air Defense Command at nearby Ent Air Force Base, Colorado Springs.

The educators will be quartered at the Academy during the three-day program.

Twenty-six educators and counselors from Mississippi will be selected, as well as 13 alternates. Those desiring to qualify for the trip should write Col. Pigford at Box 1501, Meridian, Mississippi. The letter should include name, age, present position, school, educational background and any other pertinent qualifications. Women are also eligible.

Col. Pigford said that the deadline for submitting requests for the trip is June 15. "But this is a state-wide project, so those wishing to go should get their letters in immediately," he said. The only cost to the individual will be approximately \$10 to cover meals. The group will leave from Key Field, Meridian and possibly Jackson aboard an Air Force plane.

## Record Soybean Acreage

Intention reports from Mississippi farmers as of March 1 showed they intend to plant the largest soybean acreage of record this year. The 1962 acreage is indicated at 1,211,000 acres. There has generally been an upward trend in acreage utilized for soybeans since 1944 when 381,000 acres were planted.

Another change in the weather seems to have made a change in green trout fishing over the past week. A few were caught, but were on the small size. Perch have been much better of late with good numbers being caught with worms and on the fly rod with surface baits.

Another large green trout was caught by Al Vetter weighing 7 1/4 pounds, last week. Al says it was the largest fish he has ever landed and did he have a real thrill.

The steak supper held last Saturday night at Pass Christian Isles golf club was really enjoyed by a large number of club members and friends.

The 1962 club championship 18 holes, started Saturday April 14th thru Sunday, April 22, starting with qualifying rounds. The tourney is played each year to determine the club champions in both the men's and women's division.

Frog time is here. Several good catches are being reported. Among those after them were August and Nicky Rauxet, Dec Elliott and Junior Bourgeois. The frogs are of large size and there seem to be plenty of them.

Speckle trout and other salt water fish are not being caught in any quantities right now, but things look good for the near future.

Yours truly has been invited to make a couple of crayfish trips this weekend. Hope the mud bugs will cooperate.

A party was given by Charles Klump at his country place out near Delisle for the workmen who completed his new barn. Charley was a real host and the men enjoyed the affair. He will be away for the next two weeks but expects to catch up on his fishing when he returns.

Dr. Emile Bertucci returned home after a week's vacation at his home in Fenton, The Doctor said he really enjoyed the week. He and Mrs. Bertucci gave a party last Tuesday for the workmen who are working at his place. Thanks, Doc.

Soft crabs and flounders were doing pretty good last week but have slowed down again. Things just won't get right. Shouldn't be long now.

Eddie Marquez says the soft crabs have been treating him rather shabby, but he is still going after them.

Doesn't seem like Pearl River will ever clear up, still on the bad side.

Look out for some good fresh water fishing when it does.

This is the time of year that specks should start hitting out at the Keys, Nine and Three Mile Bayou and elsewhere. Will give more on this later.

The Mississippi Game and Fish Commission has closed the second wild turkey season, set earlier for April 17-25, on the Chickasawhay Wildlife Management Area.

The Commission issued the following statement this week: "Be it ordered that the second wild turkey season on the Chickasawhay Wildlife Management Area in Jones and Wayne Counties shall be closed from April 17 through April 25, 1962."

The second season in Tunica County has also been closed. The season, set for April 17-25, was closed due to high water in the area. There is a possibility that the last few days of the previously set season may be opened for hunting, weather conditions permitting.

Tuesday, May 8, has been set aside by the Game and Fish Com-

TWO OF THREE Mayport men who facilitated total of 16 years. Harold W. Donaldson, FCC, shipped for four on February 9; Michael R. Bost and Grady D. Callaway, ICC, re-upped for six years, here being congratulated by Capt. R. port's Commanding Officer.

mission for a public hearing. This hearing is being held prior to the setting of the 1962-63 seasons and bag limits for the purpose of hearing your views and recommendations and ideas concerning the coming seasons.

Whether you are an ardent quail hunter or an enthusiastic raccoon hunter, this May 8 meeting should be of much interest to you.

The meeting will be held in the main auditorium of the Woolfolk State Office Building in Jackson at 10 a.m. Plans should be made now for your attendance at this very important meeting.

John Camp, director of the Game and Fish Commission, encourages all sportsman club members, conservation league members, and all other interested persons to attend this public hearing.

In a monthly review of manufacturing employment in the state, it is particularly encouraging to see the heavy goods industries expanding. Payroll expansions have been reported in almost every manufacturing industry with substantial gains in metals, machinery, transportation equipment, textiles apparel, rubber and miscellaneous durable goods. Mississippians on manufacturing payrolls represent a wide variety of modern industrial activity. Growth of heavy industry is a gratifying trend.

Since the first Easter, the Cross has remained the one great and enduring symbol of Christianity because it best expresses the meaning of faith. Like a precious jewel, the Cross shines with many facets of truth.

† The Cross signifies the hope of faith. It reveals God's love for us in the sacrifice of His Son. It is our assurance of His promise of salvation.

† The Cross signifies the challenge of faith. It reveals God's love for all men which we must share. It is the motivation of Christian action.

† The Cross signifies the victory of faith. It is the pledge of God's loving purpose in saving the world. It is the source of peace.

What does the Cross mean to you? On Easter — this greatest festival of our Faith, will you come to Church and discover its message?

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

COUNTY OF HANCOCK  
IN THE MATTER OF THE  
ASSESSMENT OF IRMA W.  
CHAUX

day came on for final hearing of this Board of Supervisors at its Regular February 1962 meeting, the matter of making an assessment of the real property of the 1961 Land Roll of said county, as finally approved, for reason that:

Lot omitted and improved erroneously assessed. It affirmatively appearing to the Clerk of this Board that the required notice to owner to the last known address by mail, more than ten days before this meeting, as directed by the Order of this Board, and appeared and presented objections (or failed to appear).

That the said owner has, in writing, agreed to the increase, and notice, entered appearance before this Board and requested that the assessment be changed or reduced.

IT IS THEREFORE, ORDERED by the Board of Supervisors of Hancock County, Mississippi, that the assessment on page 26 line 36 and 37 be — reduced — house erroneously assessed — being a total increase of the assessment on said roll of \$100; and changes being for the year 1961.

FURTHER ORDERED that the Clerk of this Board is hereby directed and commanded to certify two copies of this order to the State Tax Commission, as required by Section 9818, Code of 1942, and upon the approval of said order by the said Commission, to make the proper change on the assessment roll, to certify a copy to the Sheriff and Tax Collector of this county, who shall proceed to collect taxes on said property as assessed, as provided by law; and that the said Sheriff be duly charged with additional assessment.

Teamwork between man and horse, in professional rodeo's calf roping, is a must to reach the pay window. Here, the horse is playing his part perfectly, keeping the lariat rope taut as the cowboy sprints toward the calf for the tie. This and other daring feats can be seen at the Championship Rodeo which will be held at the Lazy "Y" Ranch, on Nicholson Avenue on May 3, 4, 5 and 6.

### Mrs. Carter Speaks To SJA Students

Mrs. Odile Carter discussed tennis and its origin with students of St. Joseph Academy last Wednesday.

Tennis, she cited, was first played by the Greeks and Egyptians.

Later a game similar to tennis played today originated in France and was adopted by royalty and played in the indoor court yards.

Major Walter C. Winfield introduced the game in England in 1873, with most of the present day features of tennis.

The following year it was brought to the United States, and in 1877 the first tennis tournament was played.

Mrs. Carter will teach tennis three days a week at City Park courts. Anyone interested can contact her at HO-7-5629 or 7-5227.

### "The Siege of Syracuse" Starts At Legion Theatre April 26

"The Siege of Syracuse," a big-scale, spectacular, Italian-made motion picture, in the tradition of such sweeping, action-packed films as "Hercules," and "Tempest," will share the bill at the Legion Theatre beginning next April 26 with another Paramount release—"Hey, Let's Twist!" which stars Joey Dee and the Starliners in the story about the world-famous Peppermint Lounge in New York.

Starring in "The Siege of Syracuse," a widescreen, romantic thriller film, in eye-filling Eastman color, are the international Italian favorite, Rossano Brazzi, and America's own stunning Tina Louise. The handsome Brazzi has appeared in a number of important Hollywood productions including "Three Coins in a Fountain," "South Pacific," "The Barefoot Contessa," "Interlude" and "Summertime." Shapely, red-headed Tina Louise has been dividing her time between the screen and television, after having made her mark on Broadway. The two are supported by top-flight players and a cast of thousands in the dramatic, historic tale of intrigue and adventure.

### Veterans Honored With Dinner at Kiln Baptist Church

The Shiloh Memorial Baptist Church, Kiln, Mississippi, honored the Veterans, under the custodianship of Mrs. Charles M. Banister, last Monday with a dinner. The dinner was in appreciation of their faithful work on the church grounds. Under the leadership of Mr. George L. Fredericks, a church trustee, these Veterans cut the grass, clean the yard, keep the building clean, and anything else that might come their way.

Rev. Harvey Porter, the chaplain from the V. A. Hospital in Gulfport was the guest speaker. He inspired the men to keep up their work and briefed them on the progress of the religious activities of the hospital.

Roast beef along with all the expedited trimmings was enjoyed by all. Mrs. Banister and Mrs. Lee prepared the meal.

Those present for the honored occasion were Mrs. Banister, Mrs. Lee, Mr. Fredericks, Rev. Tom Lee, pastor, and the Veterans: Willie Langley, George Rice, Don A. Greig, Brook Vencen, Ruben Tucker, William White, and Louis Weathersby.
